

The survey is completed electronically. Each sentence is presented on its own screen (sample provided). The subjects press space bar to read the next sentence. After every other sentence, subjects will be prompted with a slider question (sample provided). There are approximately 300 sentences and 200 questions for the entire survey. It will take approximately 25-45 minutes to complete the survey and you will receive \$6 in compensation. An example screens are provided below. Separately attached are full samples of the stories participants will read.

Nick promptly stepped back in front of Vera.
